

Fleetwood RV and Freightliner Custom Chassis have teamed up to bring you the ultimate in luxury, power and performance. Introducing the newly re-engineered Freedom Bridge® foundation.

Freedom Bridge foundation combines the unrivaled strength and storage capacity of Fleetwood RV's exclusive modular design with the high-performance innovation of a Freightliner chassis—all backed by the nation's largest service support network. The new Freedom Bridge® brings performance and peace of mind together, perfectly.

DriveTech rolls together FCCC's latest innovations—like the OptiView all-digital LCD dash display and FCCC's all-new ergonomic steering wheel and column-mounted controls—into one comfortable, easy-to-use driver console.

RV OWNERCARE

Limited one-year/15,000-mile coach warranty and three-year/45,000-mile structural warranty, whichever occurs first, and it is fully transferable for the first 12 months. RV OWNERCARE is one of the RV industry's most comprehensive programs and includes systems, appliances, components and construction, with no deductible and no service charge.

Chassis Warranty provided by Freightliner Custom Chassis Corporation®

INTRODUCING DRIVETECH—the most advanced display and control system in the RV industry. DriveTech is the first RV driving system to prioritize safety by putting every command in one easy-to-reach location. The all-new ergonomic steering wheel and column-mounted controls are paired with OptiView's all-digital gauge display to create a more automotive-like feel and set the industry standard for luxury RV driving. And it's only from Freightliner Custom Chassis.

PRIORITIZING DRIVER SAFETY
A recent study reported that 80% of collisions and 65% of near collisions involved some form of driver distraction, often from using electronic devices while driving. DriveTech prioritizes driver safety by streamlining and simplifying controls to help drivers focus their full attention on maneuvering and piloting the coach.

CONNECTING WITH RV DRIVER EXPECTATIONS
The world is changing. By 2021, more than 90% of cars sold will be connected—equipped with Internet access and a wireless network to share data with devices both inside and outside the vehicle. DriveTech updates the RV driver's station to align with that of the automotive industry, delivering the luxury experience modern drivers expect.

We build strength and quality from the inside out.

Fleetwood's exclusive Powerlock™ system is integrated into all Fleetwood RV Class A Diesel models.

At Fleetwood, we don't settle for anything less than the best and neither should you. That is why every Fleetwood features industry-leading materials and construction standards.

- 1 PowerLock System™ Interlocking Floors, Walls, Ceiling**
Fleetwood's interlocking aluminum extrusion wall-joint system integrates floor, sidewall and roof assembly into one locked-together overall structure for long-term performance and durability.
- 2 Precision Welded Joints**
The all aluminum hull structure is engineered and built to precise tolerances and then precision welded to ensure strength and durability on even the roughest road trip.

At Fleetwood RV, it's not just what you see that matters. It's what you don't.

- 3 Tuff-Coat Fiberglass Walls**
Thicker than other manufacturers, our Tuff-Coat fiberglass walls provide a durable skin and is the perfect surface for an automotive style finish.
- 4 Thick Robust Floor**
Thicker than the industry standard, Fleetwood engineered the floor for more sound deadening and more insulation which results in a quieter, more comfortable ride no matter the weather or terrain outside.
- 5 Solid Bead-Foam Insulation™**
Fleetwood's above-standard insulation material and process doesn't allow settling or air gaps to form. There is no forcing the precision cut insulation into position like the roll-type pink fiberglass insulation used by other manufacturers.
- 6 Loctite® Industrial Adhesive**
Engineered to meet bonding, sealing and assembly requirements for a durable structure with no de-lamination.
- 7 No Wood Substrate**
Unlike most Class A motorhome manufacturers, you won't find any wood substrate on the exterior walls.
- 8 1/2" Plywood Subfloor**
Thicker than most competitors who use OSB or chip board, the integrated 1/2" subfloor provides a solid surface for flooring and eliminates movement and flexing while traveling.
- 9 Vacu-Bond™ Construction**
Fully sealed and weather-resistant, the vacuum-bonded assemblies combine materials and construction for a straight, solid integrated wall that is better suited to withstand the rigors of the road. An adhesive bonding process applies up to 415,000 pounds of vacuum pressure to the welded-aluminum sidewall frame, bead-foam insulation, thick Tuff-Coat fiberglass skin and inner wall materials, far exceeding industry standards.
- 10 CNC Precision Routed Walls and Floors**
Computer driven routers precisely route walls and floors to fit exact specifications to eliminate gaps, misalignments and provide for a more solid integrated overall structure.

Each of these advantages have been engineered to deliver superior reliability, durability and most of all, customer satisfaction.

BRINGING GROUP FUN ON THE ROAD.

Take your world everywhere it needs to go in the Pace Arrow. Starting at just 33-feet, this compact Class A diesel makes the most of the space it offers. Most of our five well-thought-out floorplans sleep seven people, and one can even accommodate eight. Don't worry about extra gear that comes with added guests—with the XCS chassis from Freightliner Custom Chassis, and up to 340HP Cummins engine, it can tow up to 10,000-pounds.

Gadgets and technology abound in the Pace Arrow. Control your whole home with the Illumplex System with touch screen and app controls. Enjoy the outdoors in comfort under the electric awning, complete with lightning and wind sensor retract. And keep everyone entertained with an exterior entertainment center, complete with a 50-inch TV and Bluetooth® soundbar. New options for 2021 include a power passenger seat with power footrest and a central vacuum system.

More stuff? More people? Pace Arrow means you don't have to compromise. Floorplans available 33D, 35QS, 35RB, 35S and 36U.

PACE ARROW 36U

PACE ARROW — OUTSTANDING STANDARDS AND OPTIONS

**COOL OR WARM ADVENTURS?
WE HAVE YOU COVERED**
Dual-roof mounted high efficiency ducted 15,000-BTU AC Units with chill and grill and rear heat pump is standard.
33D- 25,000/20,000 BTU furnace
35QS/35RB/35S/36U -30,000/20,000 BTU furnace.

C-PAP READY
This convenient storage solution is specifically designed to organize and conceal C-PAP machines while allowing for easy access and opening for hoses.

TOUCH PAD ELECTRONICS PANEL
Easily operate your RV's systems and accessories with this modern LCD touchscreen control panel and app control.

AUTOMOTIVE-INSPIRED DASH
Drive in comfort with an LCD digital dash that can be controlled from the integrated steering wheel, electronic cruise control, auto headlights, steering wheel tilt and telescoping column. Pioneer® touch screen stereo with AM/FM/CD/DVD/Bluetooth® is standard with an upgrade option to a Kenwood®. The Kenwood stereo system is an automatic upgrade with the technology package option.

HIGH-END APPLIANCES
All the comforts of home with high-end residential appliances including a refrigerator/freezer and stainless steel over the range convection microwave. A two-burner recessed induction cooktop with polished solid surface covers. A deep double bowl undermount stainless steel sink with residential single-handled faucet with pull-out sprayer and polished solid-surface sink covers. Electric fireplace is available on the 33D and 36U floorplans.

All Pace Arrows may upgrade to a central vacuum system for convenience.

ON-DEMAND WATER HEATER
Provides continuous hot water. A much more efficient alternative to traditional tank style water heaters. Optional upgrade.

POWER CONTROLLED COCKPIT SEATING
Driver cockpit seating is reclining back, swivel plus 6-way power controls. Passenger seating is reclining back, swivel and footrest! Expand your seating and entertaining options with the standard pedestal table between the cockpit chairs. So many options!

HIDE-A-LOFT™ DROP DOWN QUEEN BED
Invite more guests on your road trip without compromising space featuring industry-leading headroom and up to 600lb. capacity. Optional upgrade.

**PACE ARROW 35RB BUNK BEDS/
WARDROBE SPACE SAVING**
Plenty of room for more guests on your road trip without compromising space. The Pace Arrow 35RB offers bunk beds with a dual purpose so when not in use, just flip the bunk for additional wardrobe/storage space.

50-INCH EXTERIOR LED TV & SOUNDBAR
This feature adds an extra outdoor TV room with a 50-inch LED TV and exterior soundbar with Bluetooth®.

35RB, 35S, 35QS, 36U — 340HP

Model: Freightliner® XCS Series

Engine: Cummins ISB 6.7L

Transmission: Allison® 2,500 MH 6-Speed w/Electronic Shifter

Alternator: Delcom Remy 160 Amp

Torque: 700 lb.-ft. @ 1,600 RPM

Horsepower: 340HP

DISCLAIMERS

1. GVWR (Gross Vehicle Weight Rating) is the maximum permissible weight of this fully loaded motorhome. The GVWR is equal to or greater than the sum of the (UVW) unloaded vehicle weight plus the (OCCC) occupant cargo-carrying capacity.

2. GAWR (Gross Axle Weight Rating) is the maximum permissible loaded weight a specific axle is designed to carry.

3. GCWR (Gross Combined Weight Rating) is the value specified by the motor home manufacturer as the maximum allowable loaded weight of this motorhome with its towed vehicle. Towing and braking capacities may be different. Refer to Fleetwood and chassis manufacturer's manuals for complete information.

4. Length measured from front bumper to rear bumper (excludes accessories).

5. Excludes safety equipment and awnings.

6. Motorhomes feature a body width over 96" which will restrict your access to certain roads. Before purchasing, you should research any state and/or province road laws which may affect your usage.

7. Tank manufacturer's listed water capacity (WC). Actual propane capacity is 80% of water listing as required by the safety code.

† The chassis manufacturer recommends the installation of a supplemental brake control system to activate the brakes on the vehicle or trailer you are towing. Hitch receiver ratings expressed are maximum for the hitch receiver installed and may require the purchase of additional equipment that is dependent on the weight of the towed load. Consult with hitch receiver manufacturer for further information.

* UVW and OCCC are found on the label containing the federal certification tag in each RV.

*** All 2021 REV Recreation Group motorhomes include a limited one year/15,000-mile coach warranty and three-year/45,000-mile structural warranty, whichever occurs first, and is fully transferable for the first 12 months.

FLEETWOOD MOTORHOME ASSOCIATION

As a Fleetwood RV owner, you're invited to become a member of the Fleetwood Motorhome Association (FMA).

Becoming a member is the perfect way to meet other Fleetwood owners who love to travel across America and share in the RV lifestyle. Visit the FMA website at www.fma4fun.org to learn more and join the fun.

CONTACT US

To locate a dealer near you, visit our website at www.fleetwoodrv.com or call 1-800-322-8216.

We can also be contacted at Fleetwood RV Customer Relations, P.O. Box 1007, Decatur, IN 46733.

IMPORTANT—PLEASE READ: Product information, photography and illustrations included in this publication were as accurate as possible at the time of printing. For further product information and changes, please visit our website at www.fleetwoodrv.com or contact your local Fleetwood RV dealer. Prices, materials, design and specifications are subject to change without notice. All weights, fuel, liquid capacities and dimensions are approximate. Fleetwood RV has designed its recreational vehicles to provide a variety of uses for its customers. Each vehicle features optimal seating, sleeping, storage and fluid capacities. The user is responsible for selecting the proper combination of loads (i.e., occupants, equipment, fluids, cargo, etc.) to ensure that the vehicle's capacities are not exceeded.

About REV Group, Inc.

REV Group® (REVG) is a leading designer, manufacturer, and distributor of specialty vehicles and related aftermarket parts and services. We serve a diversified customer base, primarily in the United States, through three segments: Fire & Emergency, Commercial, and Recreation. We provide customized vehicle solutions for applications, including essential needs for public services (ambulances, fire apparatus, school buses, and transit buses), commercial infrastructure (terminal trucks and industrial sweepers) and consumer leisure (recreational vehicles). Our diverse portfolio is made up of well-established principal vehicle brands, including many of the most recognizable names within their industry. Several of our brands pioneered their specialty vehicle product categories and date back more than 50 years. REV Group trades on the NYSE under the symbol REVG. Investors-REVG
