

For our patented gas chassis, we take the Ford® drivetrain and create a solid platform to build on. The result is enhanced balance and control, as well as the strength to carry more weight. The design also allows for larger pass-through storage.

The Power Platform Chassis™

The Power Platform puts strength, stability, and reliability front and center. Perfect for trips requiring large carrying capacities, and built to store everything you need with spacious pass-through storage, the Power Platform is the ideal chassis for optimum balance and control — Found on Fleetwood Southwind gas motorhomes.

Every new adventure requires a solid foundation. The Power Platform chassis is designed with balance, control, a smooth ride, and ample space in mind, all working together to give you a ride like no other RV can provide.

RV OWNERCARE

Limited one-year/15,000-mile coach warranty and three-year/45,000-mile structural warranty, whichever occurs first, and it is fully transferable for the first 12 months. RV OWNERCARE is one of the RV industry's most comprehensive programs and includes systems, appliances, components and construction, with no deductible and no service charge.

Chassis Warranty provided by Ford®

We build strength and quality from the inside out.

Fleetwood's exclusive Powerlock™ system is integrated into all Fleetwood RV Class A Gas models.

At Fleetwood, we don't settle for anything less than the best and neither should you. That is why every Fleetwood features industry-leading materials and construction standards.

1 PowerLock System™

Interlocking Floors, Walls, Ceiling

Fleetwood's interlocking aluminum extrusion wall-joint system integrates floor, sidewall and roof assembly into one locked-together overall structure for long-term performance and durability.

2 Precision Welded Joints

The all aluminum hull structure is engineered and built to precise tolerances and then precision welded to ensure strength and durability on even the roughest road trip.

At Fleetwood RV, it's not just what you see that matters. It's what you don't.

3 Tuff-Coat Fiberglass Walls

Thicker than other manufacturers, our Tuff-Coat fiberglass walls provide a durable skin and is the perfect surface for an automotive style finish.

4 Thick Robust Floor

Thicker than the industry standard, Fleetwood engineered the floor for more sound deadening and more insulation which results in a quieter, more comfortable ride no matter the weather or terrain outside.

5 Solid Bead-Foam Insulation™

Fleetwood's above-standard insulation material and process doesn't allow settling or air gaps to form. There is no forcing the precision cut insulation into position like the roll-type pink fiberglass insulation used by other manufacturers.

6 Loctite® Industrial Adhesive

Engineered to meet bonding, sealing and assembly requirements for a durable structure with no de-lamination.

7 No Wood Substrate

Unlike most Class A motorhome manufacturers, you won't find any wood substrate on the exterior walls.

8 1/2" Plywood Subfloor

Thicker than most competitors who use OSB or chip board, the integrated 1/2" subfloor provides a solid surface for flooring and eliminates movement and flexing while traveling.

9 Vacu-Bond™ Construction

Fully sealed and weather-resistant, the vacuum-bonded assemblies combine materials and construction for a straight, solid integrated wall that is better suited to withstand the rigors of the road. An adhesive bonding process applies up to 415,000 pounds of vacuum pressure to the welded-aluminum sidewall frame, bead-foam insulation, thick Tuff-Coat fiberglass skin and inner wall materials, far exceeding industry standards.

10 CNC Precision Routed Walls and Floors

Computer driven routers precisely route walls and floors to fit exact specifications to eliminate gaps, misalignments and provide for a more solid integrated overall structure.

Each of these advantages have been engineered to deliver superior reliability, durability and most of all, customer satisfaction.

WHAT YOU CHOOSE WHEN YOU WANT TO GO ONE NOTCH HIGHER

If bells and whistles are what you're after, this is the model for you. Southwind offers our longest gas floorplan—37 feet—and can easily handle it, thanks to our patented chassis. No matter where you're at, you'll have the power you need, since Southwind comes equipped with a 100w solar panel and a 5.5kW generator. You can also upgrade to a 265W solar panel or a 7.0kW generator.

Set up camp in no time with the four-point, fully-automatic hydraulic leveling jacks. Power windshield and day/night roller shades ensure privacy and the exterior stainless accent package can be added on for an extra touch of style. The optional King® universal satellite lets you watch your favorite shows and the Garmin™ collision mitigation system warns you of dangers on the road. Available in 34C, 35K, 36P and 37F floorplans.

SOUTHWIND 35K

Shown in Peppercorn Decor with Greystone Cabinetry

1 Deep kitchen storage

2 Several storage hardwood drawer options in the kitchen prep area

3 New for 2021 Driver/Passenger caddy area with three cupholders, USBs and various storage compartments

4 Residential style kitchen with all the amenities of home and stylish tile backsplash

5 82" Sofa sleeper giving additional space to sleep up to 6

6 Expand your living space using your pedestal table creating additional workspace and gathering area

7 Panoramic window view allowing in natural light or just pull the shades to close up for the night

SOUTHWIND — OUTSTANDING STANDARDS AND OPTIONS

RENEWABLE SAFE POWER
Save money on electricity with a 100w or optional 265w solar panel that allows you to explore untethered.

WIFI RANGER™ SKY4 DC
Boost a weak signal to get online in no time with this private secure WiFi booster.

WIFI RANGER™ SKY4 PROPACK w/LTE
Upgrade to this cellular internet modem that includes a cell booster and GPS upgrade.

HIDE-A-LOFT™ DROP DOWN BED
Invite more guests on your road trip without compromising space with this queen bed, featuring industry-leading headroom and up to 500lb capacity. Includes a 24" Flat Screen LED TV.

ELECTRIC FIREPLACE
Warm up by the fire without all of the work, with an electric fireplace standard on all floorplans. Featuring a 40-inch LED TV mounted on a swing bar and includes a Bluetooth® soundbar.

WASHER AND DRYER
Get your clothes clean and fresh while out on the road.

36P—Stackable comes standard

34C, 35K, 37F—Combo is optional
Shown is the combo washer and dryer.

CPAP READY
This convenient storage solution is specifically designed to organize and conceal CPAP machines while allowing for easy access and opening for hoses.

ENERGY MANAGEMENT SYSTEM

Protect your RV against the expensive electrical damage and enjoy the convenience of an auto generator start to charge batteries when they need some juice.

DUAL A/C UNITS WITH HEAT PUMP
Stay cool on hot days and warm on cool days for less with two 15K BTU high-efficiency units.

UPGRADED SUSPENSION
SumoSprings® are designed to enhance load carrying ability, stabilize sway, and improve overall driver control and ride comfort. SumoSprings are a load support product that can be used in the front or rear of your vehicle to provide additional load support while preventing common issues like sagging and bottoming out.

AUTOMOTIVE-STYLE COCKPIT
Drive in comfort and ease in this automotive inspired designed dash and cockpit with dual monitors, drivers seat with reclining back and swivel. Steering wheel with tilt column, electric cruise control and Sony® stereo with CarPlay and front speakers. New for 2021 is optional Garmin™ Collision Mitigation.

BILSTEIN® STEERING STABILIZER SYSTEM (OPTIONAL)
A shock absorber system that dampens the bumps and vibrations of the road in the steering system. Bilstein allows for easier control to the front-end steering.

PANTRY STORAGE
Our kitchen pantry shelves and storage solutions put all your kitchen supplies in instant view and make the most of your space. Shown on 35K

FORD® CHASSIS

Model: Ford®

Engine: 7.3L Triton V8

Transmission: Ford® 6-Speed, Automatic w/Overdrive

Alternator: 175 Amp

Torque: 468 lb.-ft. @ 3,000 RPM

Horsepower: 350HP @ 3,900 RPM

DISCLAIMERS

1. GVWR (Gross Vehicle Weight Rating) is the maximum permissible weight of this fully loaded motorhome. The GVWR is equal to or greater than the sum of the (UVW) unloaded vehicle weight plus the (OCCC) occupant cargo-carrying capacity.

2. GAWR (Gross Axle Weight Rating) is the maximum permissible loaded weight a specific axle is designed to carry.

3. GCWR (Gross Combined Weight Rating) is the value specified by the motor home manufacturer as the maximum allowable loaded weight of this motorhome with its towed vehicle. Towing and braking capacities may be different. Refer to Fleetwood and chassis manufacturer's manuals for complete information.

4. Length measured from front bumper to rear bumper (excludes accessories).

5. Excludes safety equipment and awnings.

6. Motorhomes feature a body width over 96" which will restrict your access to certain roads. Before purchasing, you should research any state and/or province road laws which may affect your usage.

7. Tank manufacturer's listed water capacity (WC). Actual propane capacity is 80% of water listing as required by the safety code.

† The chassis manufacturer recommends the installation of a supplemental brake control system to activate the brakes on the vehicle or trailer you are towing. Hitch receiver ratings expressed are maximum for the hitch receiver installed and may require the purchase of additional equipment that is dependent on the weight of the towed load. Consult with hitch receiver manufacturer for further information.

* UVW and OCCC are found on the label containing the federal certification tag in each RV.

*** All 2021 REV Recreation Group motorhomes include a limited one year/15,000-mile coach warranty and three-year/45,000-mile structural warranty, whichever occurs first, and is fully transferable for the first 12 months.

FLEETWOOD MOTORHOME ASSOCIATION

As a Fleetwood RV owner, you're invited to become a member of the Fleetwood Motorhome Association (FMA). Becoming a member is the perfect way to meet other Fleetwood owners who love to travel across America and share in the RV lifestyle. Visit the FMA website at www.fma4fun.org to learn more and join the fun.

About REV Group, Inc.

REV GROUP

REV Group® (REVG) is a leading designer, manufacturer, and distributor of specialty vehicles and related aftermarket parts and services. We serve a diversified customer base, primarily in the United States, through three segments: Fire & Emergency, Commercial, and Recreation. We provide customized vehicle solutions for applications, including essential needs for public services (ambulances, fire apparatus, school buses, and transit buses), commercial infrastructure (terminal trucks and industrial sweepers) and consumer leisure (recreational vehicles). Our diverse portfolio is made up of well-established principal vehicle brands, including many of the most recognizable names within their industry. Several of our brands pioneered their specialty vehicle product categories and date back more than 50 years. REV Group trades on the NYSE under the symbol REVG. Investors-REVG
