

SONIC | SONIC LITE

Ultra Lite Travel Trailers

Designed for campers, by campers.

SONIC LITE

Venture RV's single axle Sonic Lite offers solid construction, with floorplans starting out at a fuel-saving 3,000 pounds! Sonic Lite features the most interior storage in its class. Interiors are surprisingly spacious – there's ample storage and Lite boasts many of the same features as Sonic, on a more compact scale.

Both Sonic Lite and Sonic are engineered with a one-piece seamless fiberglass roof system. By arching the roof front to back, this system provides a more durable roof. When it rains, the water runs fore and aft.

The Sonic Lite 169VUD offers a double bunk, large 65" x 48" dinette, a 60" x 75" queen bed and large dry bath. All kitchens feature a 8 CU FT electric double-door refrigerator for ample food storage, 2-burner stainless steel cooktop, microwave, roller ball bearing drawer guides, and cabinets with mortise and tenon hardwood cabinet doors.

Sonic Lite bedrooms feature overhead storage, full-length shirt closet and StorMore nightstands with 110V outlet and USB charging port.

Double bunk floorplans offer Teddy Bear bunk mattresses, and each bunk has its own window.

Bathrooms include porcelain foot-flush toilet, tub or shower surround and skylight.

SONIC

Families on the go want it both ways – maximum towing efficiency, plus uncompromising comfort and style. Sonic delivers; its ultra-lightweight, tandem-axle travel trailers are designed for smaller tow vehicles, yet equipped with upscale amenities usually seen in motorhomes. Livable and surprisingly spacious, Sonic offers 82" ceilings, a residential kitchen and ample storage to keep clutter at bay. Sonic's solid construction offers peace of mind and all the comforts of home.

Sonic's living spaces now offer a panoramic front window. Furniture is extremely comfortable, and many convert to offer additional sleeping accommodations.

Sonic kitchens features a glass, flush-mounted, 3-burner cooktop with oven, microwave, exhaust fan, 7 CU FT refrigerator, and deep stainless steel single-bowl sink with draining rack.
