That is why the resale value in a DFox remains higher, and your investment retains its value longer. If you ever decide to trade in your DFox, you will get top dollar. ## **QUALITY CONSTRUCTION CAN BE A LIFE SAVER!**

This picture was sent in to Northwood by a repeat customer who lived in her 17K near Portland, OR. Due to excessive snow load, this tree uprooted and landed on her trailer while she was asleep inside!!!

Fortunately, we build Nash Trailers with 16" on center, select quality studs and quality plywood (instead of OSB board and 24" OC framing). If this had been a lesser quality trailer, it could have turned out much worse!!! Fonda said she was so impressed with Northwood quality that she just bought a brand new 2019 Arctic Fox 22G."
