

# Evotrex-PG5

THE WORLD'S FIRST POWER-GENERATING RV TRAILER

FROM \$119,990

## Adventure powerhouse

270+ KWH OF TOTAL  
USABLE ENERGY ONBOARD

The PG5 generates its own power, so you can camp on your terms. A 43 kWh onboard battery, up to 225 kWh from Horizon—our ultra-efficient, integrated power generator, and 1.5 kW of rooftop solar work together to deliver true power independence.

## Active power assist

GO THE DISTANCE

Equipped with a high-precision force sensor, a powerful electric motor, and a triple-redundant braking system, the PG5 minimizes tow-vehicle drag for a safer, more efficient towing experience and allows remote-controlled parking.

## RangeBoost

THE BEST THINGS  
ARE MEANT TO BE SHARED

Supercharger on wheels. Up to 60 kW DC fast charging for another EV. This means adding 1 kWh per minute through the NACS port housed at the front of the PG5. Skip charging stops without unhitching.

## Adventure-ready design

ENGINEERED TO GO  
BEYOND THE PAVEMENT

The Evotrex-PG5 is built on an automotive chassis with a dual-axle configuration, air suspension system, and rugged 33" all-terrain tires.

## Live untethered

LIVE BETTER, LONGER, ANYWHERE.

Roomy, refined, and designed for real adventure. The PG5 interior blends home-like comfort with rugged practicality, 6'5" ceilings, two residential queen beds, a full-electric kitchen, and smart storage throughout.

## Terrece

MORE LIVING. MORE ROOM.

Introducing an industry-first roofed patio that extends your indoor/outdoor living space by 43 sq.ft, deployed in seconds with the press of a button.

## Evotrex App

CONTROL AND MONITOR EVERYTHING.

In one integrated tablet. Climate. Lighting. Power. Systems monitoring. Magnetically docked for secure access and easy charging.

## Pass-through tunnel

BUILT TO CARRY YOUR GEAR

Oversized pass-through tunnel handles longer items—skis, fishing rods, lumber, kayaks, SUPs, anything up to 7'2". 38.1 cu.ft of exterior storage that doesn't eat into your living space.

# Evotrex-PG5

From \$119,990

The Evotrex-PG5 Atlas is offered at \$159,990, inclusive of all premium options and upgrades. Please note that certain features standard on the Atlas may be optional or unavailable for the Pioneer trim. Specifications and pricing are subject to change; for the latest details, please visit our website.

## DIMENSION

- Exterior: 28'8" (L) x 8' (W) x 9'5" (H)
- Interior: 22'11" (L) x 7'2" (W) x 6'6.74" (H)
- Wheel & tire: 285/65 R18 (33" all-terrain tire)
- Pass-through tunnel: up to 7'2". 38.1 cu.ft
- Terrece (rear patio): 43 sq.ft
- Power awning: 177" x 98" (120 sq.ft)

## CHASSIS & CONSTRUCTION

- Multi-layer insulated walls
- Zero-wood construction
- High-strength automotive chassis
- Dual-axle configuration
- Air suspension

## WEIGHT

- GVWR: 9,900 lbs (Atlas) / 9,500 lbs (Pioneer)
- Dry weight: 8,900 lbs (Atlas) / 8,350 lbs (Pioneer)

## POWER

- Off-grid living: 7+ days
- Active power assist: 1 high-efficiency electric motor
- Total usable energy: 270+ kWh
- LFP battery: 43 kWh
- Horizon (power generator): up to 225 kW
- Power output (V2L): up to 12 kW (NEMA 14-50)
- Home energy backup (V2H): up to 12 kW

## CHARGING

- Integrated solar: 1.5 kW
- Regenerative braking
- AC charging: up to 6.6 kW (NACS)
- RangeBoost: Vehicle-to-Vehicle DC fast charging at up to 60 kW (NACS)

## WATER

- Fresh: 60 gal.
- Grey: 30 gal.
- Black: 30 gal.

## LIVING

- Sleep capacity: 4 adults
- Main bed: 80" x 60" (residential queen)
- Convertible bed: 80" x 60"
- Instant tankless water heater
- 1 powered steps
- Heater BTUs: 17,000
- Full dry bathroom
- 2-burner induction cooktop with range hood
- 10 cu.ft refrigerator & freezer
- 3-in-1 microwave oven airfryer
- 48" projector and screen set
- 1 dynamic skylight (privacy/stargazing modes)
- 7 openable windows with integrated bug nets & blackout shades
